FROM (NAME & LOCATION): M.R. Foresman - W.G.K.

150819 24

DATE October 14, 1972
SUBJECT Status Report - Disposal of Trash & Construction Waste
REFERENCE Memo 10/9/72 D. Malm - WGK-JFQ Solid Waste Disposal, Memo 10/12/72 H. Rayfield, T. Dalton - Operation of Sanitary Landfill
TO P. Heisler

The following actions will be taken by the Environmental Control Group to support the efforts of other individuals for the long range disposal of trash and construction waste.

- A. Continue working with Paul Sauget to obtain a permit for the new trash disposal site. (See attached map)
- B. Work with TSD (as requested) in the evaluation of hauling methods within WGK for trash.
- C. Investigate the feasibility of selling used lever paks.

Attached for your information is a map showing the location of the proposed landfill site, the Old Sauget Sanitary Landfill, and the present site of the Sauget Sanitary Landfill. The last two are on the west (wrong) side of the levee. The chemical disposal area was not detailed on this map.
